

Oxfordshire Craft Guild 2021 Summer Exhibition

Annia Marcus Jeweller

My constant search is for elegance and all my jewellery aims at enhancing the simplest attire. My designs are both bold and understated and each piece is carefully crafted from sterling silver and embellished with precious stones and gold accents. All of my pieces are designed with the aim of being versatile and practical, yet eye-catching.

I am especially fond of my trademark moiré silk and my recent moonscape finishes, that can be either very subtle or very pronounced. I love to make pieces with a sense of contemporary design guaranteed to enhance the simplest attire.
