

Oxfordshire Craft Guild 2021 Summer Exhibition

HELEN MacRITCHIE Textiles

I am a textile artist from Waterstock, in South Oxfordshire, and have been working with hand dyed wool and silks for around 15 years. I make my felt by hand using various wool breeds from coarse blue faced Leicester and corriedale to fine merino.

I create unique felted and embroidered bags, scarves, and wearable accessories as well as bespoke wall hangings and framed works.

My bag range covers all sizes, from small purses and slings to large shoulder and backpacks. They are designed for everyday use or special occasions.

Some examples are photographed here and can be purchased through the link to my website or shop.
